Dear Mr. Cross:

Re: Notice of Public Hearing, Application No. ZM-73-03

Thank you for the information you sent concerning the above-captioned application. Please let the record reflect that I support the application. I believe future development of this area depends upon businesses locating here and the application certainly supports that end. Because of another commitment, I am unable to attend the planning commission meeting on March 12.

Very truly yours,

Edward L. Chambers, Jr.
